FORM 29.

PROPOSAL.

WILLIAMS, DIMOND & CO.,
202 MARKET ST.,
SAN FRANCISCO, CAL.
Agents for BALDWIN LOCOMOTIVE WORKS.

Est. .....

Baldwin Locomotive Works,

PHILADELPHIA, April 30, 1896.

We hereby propose and agree to construct for the Pajaro Valley R. R. Co. ....., and deliver same on car in Chicago, Ills.

One (1) locomotive as per Specification # 8617

Shipment will be made in 40 to 50 days after receiving order as nearly as may be, delays by strikes, fires, or other unforeseen contingencies excepted.

We will guarantee the locomotive to be built of the best materials of the respective kinds named in the specification, and of the best workmanship. All important parts will be made to gauges, and accurately interchangeable among any number of locomotives of the same class. We will also guarantee locomotive to be able to draw ..... tons of 2240 pounds, of cars and lading, up a grade of ..... feet per ..... exclusive of the resistance of curves, cars and track being in good condition.

Power brakes, headlights, and other special appliances are not included in price unless specially stated to the contrary in this proposal or accompanying specification.

The price of the locomotive constructed and delivered as above, will be Six thousand dollars ($ 6000 00) and such amount will be due and payable, in Eastern funds, for the locomotive when same has been delivered at the place above mentioned.

On arrival of the locomotive at destination our engineer will, whenever practicable, take charge of putting same in working order, all necessary assistance and supplies being furnished by the company purchasing, and will run same one or more trips on trial. If found in accordance with contract when the locomotive is ready for service, he will then take the company's receipt and certificate to that effect. No additional charge is made for his services.

This proposal is submitted only for acceptance at this time.

A written acceptance of this proposal will constitute a sufficient contract.

Very respectfully,

Dely at San José $885 addl.
Headlight $25 addl.
Westinghouse air brake on two pairs of drivers with train connections $390 addl., or $555 addl. if on three pairs.

Pajaro Valley R. R. Co.
